- 2.1** These unconsolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

- 2.2** These unconsolidated condensed interim financial statements do not include all the information and disclosures required in the unconsolidated annual audited financial statements, and should be read in conjunction with Company's unconsolidated annual audited financial statements for the year ended June 30, 2018.

3 SIGNIFICANT ACCOUNTING POLICIES

- 3.1** The accounting policies and methods of computation adopted in the preparation of these unconsolidated condensed interim financial statements are consistent with those applied in the preparation of the unconsolidated annual audited financial statements for the year ended June 30, 2018 except those stated in note 3.2 (a) below.

3.2 Change in accounting standards, interpretations and amendments to published approved accounting and reporting standards

- (a) New standards, amendments and interpretation to published approved accounting and reporting standards which are effective during the nine months ended March 31, 2019**

There are certain amendments and an interpretation to approved accounting and reporting standards which are mandatory for the Company's annual accounting period which began on July 1, 2018. However, these do not have any significant impact on the Company's financial reporting and, therefore, have not been detailed in these unconsolidated condensed interim financial statements.

In addition to that two new standards (i.e. IFRS 9 and IFRS 15) have become applicable to the Company effective July 1, 2018. Because of these new standards certain changes to the Company's accounting policies have been made in light of the following paragraphs:

- IFRS 9 'Financial instruments' - This standard replaces the guidance in IAS 39. It includes requirements on the classification and measurement of financial assets and liabilities; it also includes an expected credit losses model that replaces the current incurred loss impairment model.
- IFRS 15 'Revenue from contracts with customers' - IFRS 15 replaces the previous revenue standards: IAS 18 Revenue, IAS 11 Construction Contracts and the related interpretations on revenue recognition.

IFRS 15 introduces a single five-step model for revenue recognition and establishes a comprehensive framework for recognition of revenue from contracts with customers based on a core principle that an entity should recognise revenue representing the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

The changes laid down by these standards do not have any significant impact on these unconsolidated condensed interim financial statements of the Company.

(b) New standards and amendments to published approved accounting and reporting standards that are not yet effective

There is a new standard, certain amendments and an interpretation to the approved accounting and reporting standards that will be mandatory for the Company's annual accounting periods beginning on or after July 1, 2019. However, these will not have any significant impact on the financial reporting of the Company and, therefore, have not been disclosed in these unconsolidated condensed interim financial statements.

4 ACCOUNTING ESTIMATES, JUDGEMENTS AND FINANCIAL RISK MANAGEMENT

The preparation of interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts. Actual results may differ from these judgements, estimates and assumptions.

However, the management believes that the change in outcome of judgements, estimates and assumptions would not have a material impact on the amounts disclosed in these unconsolidated condensed interim financial statements.

Judgements and estimates made by the management in the preparation of these unconsolidated condensed interim financial statements are the same as those applied in the Company's unconsolidated annual audited financial statements for the year ended June 30, 2018.

2 SCHEME OF ARRANGEMENT

As disclosed in the financial statements for the half year ended December 31, 2018, restructuring of LHL had been proposed through a Scheme of Arrangements (the 'Scheme'). Subsequent to the Statement of financial position date, the Sindh High Court (SHC) vide its order dated April 11, 2019 sanctioned the Scheme effective from start of business on July 01, 2018. A certified copy of the Court order has been filed by LHL with Securities and Exchange Commission of Pakistan (SECP).

The Scheme, amongst other arrangements, determines LHL Demerged Undertakings as primarily comprising the assets, liabilities and obligations of LHL relating to its underlying investment in ICI. Under the Scheme, the share of LHL Shareholders in LHL Demerged Undertakings proportionate to their respective shareholding in LHL has been amalgamated with and into their respective wholly owned subsidiary companies and their proportionate shares in LHL to that extent have been cancelled. 3 STATEMENT OF COMPLIANCE

3.1 These consolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

3.2 These consolidated condensed interim financial statements do not include all the information and disclosures required in the consolidated annual audited financial statements, and should be read in conjunction with Holding Company's consolidated annual audited financial statements for the year ended June 30, 2018.

4 SIGNIFICANT ACCOUNTING POLICIES

4.1 The accounting policies and methods of computation adopted in the preparation of these consolidated condensed interim financial statements are consistent with those applied in the preparation of the consolidated annual audited financial statements for the year ended June 30, 2018 except those stated in note 4.2 (a) below.

4.2 Change in accounting standards, interpretations and amendments to published approved accounting standards

(a) New standards, amendments and interpretation to published approved accounting and reporting standards which are effective during the nine month ended March 31, 2019

There are certain amendments and an interpretation to approved accounting and reporting standards which are mandatory for the Company's annual accounting period which began on July 1, 2018. However, these do not have any significant impact on the Company's financial reporting and, therefore,

have not been detailed in these consolidated condensed interim financial statements.

In addition to that two new standards (i.e. IFRS 9 and IFRS 15) have become applicable to the Company effective July 1, 2018. Because of these new standards certain changes to the Holding Company's accounting policies have been made in light of the following paragraphs:

IFRS 9 'Financial instruments' - This standard replaces the guidance in IAS 39. It includes requirements on the classification and measurement of financial assets and liabilities; it also includes an expected credit losses model that replaces the current incurred loss impairment model.

IFRS 15 'Revenue from contracts with customers' - IFRS 15 replaces the previous revenue standards: IAS 18 Revenue, IAS 11 Construction Contracts, and the related interpretations on revenue recognition.

IFRS 15 introduces a single five-step model for revenue recognition and establishes a comprehensive framework for recognition of revenue from contracts with customers based on a core principle that an entity should recognise revenue representing the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

The changes laid down by these standard do not have any significant impact on these consolidated condensed interim financial statements of the Company.

- (b)** New standards and amendments to published approved accounting and reporting standards that are not yet effective

There is a new standard, certain amendments and an interpretation to the approved accounting and reporting standards that will be mandatory for the Company's annual accounting periods beginning on or after July 1, 2019. However, these will not have any significant impact on the financial reporting of the Holding Company and, therefore, have not been disclosed in these consolidated condensed interim financial statements.

5 ACCOUNTING ESTIMATES, JUDGEMENTS AND FINANCIAL RISK MANAGEMENT

The preparation of interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts. Actual results may differ from these judgements, estimates and assumptions.

However, the management believes that the change in outcome of judgements, estimates and assumptions would not have a material impact on the amounts disclosed in these consolidated condensed interim financial statements.

Judgements and estimates made by the management in the preparation of these consolidated condensed interim financial statements are the same as those applied in the Company's consolidated annual audited financial statements for the year ended June 30, 2018.

The Company's financial risk management objectives and policies are consistent with those disclosed in the Company's consolidated annual audited financial statements for the year ended June 30, 2018.
