EC2	Financial implications and other risks and opportunities for the organization's activities due to climate change.	Fully	LCL has considered climate change and the risks and opportunities it presents to the business. However, LCL has not yet quantitatively estimated the financial implications of climate change, but acknowledges that it is expected to have a profound effect on global cement industry and consequently on the activities of LCL. Climate change also offers significant business opportunities, particularly in the usage of alternative fuel and Waste Heat Recovery Projects (Refer environmental initiatives) while reducing emissions.

EC7	Procedures for local hiring and proportion of senior management hired from the local community at significant locations of operation.	Fully	LCL is an equal opportunity employer at all locations. LCL has standardized recruitment processes and the selection of employees is made on the basis of merit without any prejudice or bias. The senior management comprises entirely of local residents. LCL defines "local residents" as those who are nationals of Islamic Republic of Pakistan.
